

Toast to the Animals

*Benefitting the Jacksonville Humane Society Medical Fund
Friday, October 2, at The Jessie*

Join us for an unforgettable evening supporting the Jacksonville Humane Society's Medical Fund, which provides lifesaving care for thousands of animals in our community. Last year alone, JHS served nearly 11,000 pets, offering critical medical treatment, compassionate care, and second chances for animals who needed it most.

Toast to the Animals brings together community leaders, influential business executives, and passionate philanthropists for a one-of-a-kind celebration of compassion and impact. Guests will enjoy an exceptional tasting experience featuring small plates and desserts from some of Jacksonville's favorite local restaurants, along with wine, beer, and exciting silent and live auctions.

By becoming a sponsor, you'll help ensure pets in need receive the medical care they deserve while aligning your brand with one of Jacksonville's most beloved nonprofit organizations. Don't miss this opportunity to be part of a meaningful evening celebrating community, generosity, and the lifesaving work happening every day for animals in our city.
